Dear US **Dept.** of Agriculture:

This letter **is** to agree with the proposal to stop theforced **moulting** of chickens, and other poultry birds.

From what I have read, these conditions are disgusting, and **unhealthy** for human consumption both!

I too feel it is **neccessary** to do something sanitary and to stop these obvious& **filthy** practices!
It is horrible to treat any of God's **creations this** way, and **I am surprised** we don't ail **get** some sort of **disease from** eating this food But of course, cancer is on the rise again. So, there you go!

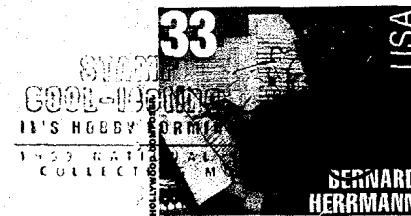

Sincere@,

Helene Lieto
